Professional Summary

Detail-oriented Real Estate Photo Editor with professional experience in real estate and aerial photo editing. Skilled in HDR blending, color correction, object removal, and visual enhancement of property images to meet branding and quality standards. Committed to delivering realistic, high-quality images that help properties stand out in the market.

Work Experience

Post Production Wedding Services Corp.

Real Estate Photo Editor & Aerial Editor

2024 – 2026

- Edited interior and exterior real estate photos using both **natural editing** and **HDR blending**, depending on client preference and project requirements.
 - Performed **aerial drone photo editing**, including **twilight aerial drone shots**, enhancing lighting, colors, and overall mood for premium listings.
 - Enhanced image quality through accurate color correction, white balance adjustment, and exposure balancing.
 - Removed unwanted objects and distractions while maintaining a natural and realistic appearance.
 - Replaced skies, lawns, and other elements to improve overall aesthetics and align with client specifications.
 - Worked with various real estate clients and brands, including **Bodhi, Georgia Page, Prendon, Maxxy, Studio Windmill, IND Media, and NXD Photography**.
 - Ensured all edited images met branding guidelines, quality standards, and turnaround time requirements set by clients and agencies.
